FOR AN UPDATE ON A VARIETY OF PROJECTS BEING ACTIVELY IMPLEMENTED ON

DAUPHIN ISLAND

The Town and its partners will host a public informational meeting to provide a comprehensive update on projects that are actively being implemented on Dauphin Island and you are encouraged to attend.

This forum will provide a one-stop-shop for current construction projects in and around Dauphin Island that will enhance recreational opportunities and help protect, restore, and promote environmental sustainability. Representatives from the Town Council, Mobile County, DI Water & Sewer Authority, Alabama Department of Conservation and Natural Resources, the US Army Corps of Engineers and contracted consultants will be on hand in support of the meeting and answer your questions.

This will be the perfect opportunity to get the latest updates on a variety of unique projects that are being implemented on our barrier island community.

Don't miss it!

THE FOLLOWING PROJECTS WILL BE DISCUSSED:

1. Dauphin Island Causeway
2. Restoring Little Dauphin Island
3. Billy Goat Hole Boat Launch
4. Dauphin Island East End Pier and Middle Beach Pier
5. East End Beach and Dune Restoration
6. Dauphin Island Wastewater Treatment Plant
7. Aloe Bay Living Shoreline and Ecotourism Area
8. Graveline Bay Marsh Creation
9. Shorebird Conservation and Habitat Management Plan on undeveloped portion of West End

WE LOOK FORWARD TO DISCUSSING THESE PROJECTS AND RECEIVING FEEDBACK!
