

## TOWN OF DAUPHIN ISLAND - GOOD NEIGHBOR POLICY

**Welcome to Dauphin Island! We hope you have a wonderful stay.**

We would like to remind you that you are staying as a guest in a residential community. As a member of the community, we value our relationships with our neighbors. Our goal is to ensure the neighbors are not disturbed - so please ensure that all occupants are aware of the policies of your rental agreement. Any noise disturbances or violations of your rental agreement can result in fines and possible eviction with no refunds.

**Noise** - If you're fortunate enough to be visiting us while on vacation, please note that your schedule may differ from that of your neighbors. The following policies are designed to ensure there are no noise disturbances:

- The Town of Dauphin Island has a 24hr Noise Ordinance so please keep the volume of your voices and music at a reasonable level throughout the day.
- Quiet time starts at 10:00 pm. Please be aware that open windows and doors may allow sounds to carry and disturb others.
- The surrounding neighbors have access to a 24/7 contact number that they may call to file a complaint. As a reminder, any noise disturbances or violations of your rental agreement may result in fines and possible eviction with no refunds.
- We understand that you deserve a quiet and peaceful experience as well. If another neighbor is causing a disturbance, we encourage you to call the 24hr non-emergency police hotline at <https://secure.hostcompliance.com/complaints/type> **In case of an emergency, please call 911.**

**Trash** – Please note that most homes have trash cans. Please call your host if the cans are full. Do not place your trash in containers that are not specifically dedicated for your property.

**Parking** – Please adhere to all posted parking regulations and engage good neighbor practices regarding parking on or around the rental property. Vehicles should be parked in approved spaces only. Renter's vehicles should not negatively impact a neighbor's access.

**Pets** – Please make sure your pet always remains on a leash when not in a fenced area. Loud or aggressive pets should not be left outside. Please clean up after your pet. Most areas of Dauphin Island are pet friendly except the West End Beach. Pets are not allowed anywhere west of the western terminus of Bienville Blvd. due to the existence of critical bird nesting habitat and other sensitive areas.

**Enforcement** – Please be aware that failure to abide by these good neighbor policies and Town of Dauphin ordinances may result in fines, citations, and / or penalties.

**We appreciate your taking the time to review our policies. Please do your part to help ensure an enjoyable experience for other visitors and residents as well. We hope you enjoy your stay and return to our beautiful barrier island community again soon. Thank you in advance for your cooperation**
