

DAUPHIN ISLAND POLICE DEPARTMENT

AGENDA 6/1 – 6/15/25

WARRANTS

4 – TOTAL

1 – POSSESSION OF DRUG PARA

1 – EXP TAG

1 – DRIVING WHILE SUSPENDED

1 – DRIVING WITHOUT OBTAINING A DRIVERS LICENSE, INSURANCE VIOLATION,
VEHICLE ON BEACH/DUNES

ARRESTS

7 – TOTAL

1 – DISORDERLY CONDUCT, HARRASSMENT X2, MENACING, CRIMINAL TRESSPASS

1 – PUBLIC INTOX, PUBLIC INDECENCY

1 – POSSESSION OF DRUG PARA

4 – WARRANTS (LISTED ABOVE)

REPORTS

30 – TOTAL

1 – DRUG VIOLATION/DUI

1 – BOAT CRASH

1 – MISSING FIREARM

5 – HARRASSMENT

1 – HARRASSMENT/DISORDERLY/MENACING

1 – THEFT OF PROPERTY

1 – TRESSPASSING
1 – THEFT OF PROPERTY/IDENTITY THEFT
2 – VEHICLE TOWED
2 – TRAFFIC ACCIDENT WITH INJURY
1 – RECEIVING STOLEN PROPERTY
1 – DOMESTIC VIOLENCE
3 – CRIMINAL MISCHIEF
1 – MISSING PERSON
2 – INVESTIGATION
1 – MEDICAL INVESTIGATION
1 – PUBLIC INTOX/ PUBLIC INDECENCY
4 – WARRANTS (LISTED ABOVE)

CITATIONS

32 – TOTAL
13 – SPEEDING
9 – NO INSURANCE
4 – NO DRIVERS LICENSE
2 – IMPROPER PASSING
2 – FAILURE TO REGISTER VEHICLE
1 – FAILURE TO STOP AT STOP SIGN
1 – NO CHILD RESTRAINT

CALLS FOR SERVICE

42 – TOTAL

Dauphin Island Police Department

Report:

6/14 Ultimate Summer Games had a great turnout with no issues to report.

6/14 Stripers Rodeo was held at the Dauphin Island Marina. There was a large amount of participants for this event.

6/15 Happy Father's Day

Car Safety Tips:

Always keep your doors locked and the windows rolled up when you leave your car. Do not leave valuables in the car. If you must leave valuable possessions in your vehicle, keep them out of sight or safely in the trunk. Before you leave your car, check the back seats.

"If you see something, say something"

If you have any questions or concerns, please don't hesitate to call us at.

(251) 861-5523

Lt. Stowe

May 2025 Budget Summary:

This is the eighth budget summary for FY25. (66.6%)

General Fund (10) balance sheet: This month shows a net asset increase \$1.25M for an ending balance of just over \$5M.

General Fund (10) Revenue: In line with expectations at 60% of budget through May and largest revenue months still ahead.

Fund 10 Expenses: Expenditures are generally in line with expectations. The mid-year adjustments are in place. Some one-time costs (like insurance) skew the numbers slightly higher.

Admin is at 71%, Council 66%, Public Works 61%, Police 73%, Public Safety 70%, Court 64%, Building Department 53%. Non-Departmental expense is 50%.

Parks & Rec Enterprise Fund 15 balance sheet is up \$180K as the season heats up.

The amendment to balance the Enterprise Fund was passed and in place.

Parks & Rec budget breakdown by department:

Maint./Parks

Revenue 53% (Royalties and leases are paid annually)

Expense 70% (includes burning the bird sanctuary & dog park expenses)

Fort

Revenue 51%

Expense 62%

Campground

Revenue 62%

Expense 69%

Beaches: (now combined)

Revenues 61%

Expenses 54%

Other Fund Balances

Fund 11 Capital Improvement Trust Fund is unchanged at \$157.6K

Fund 20: 4 Cent gas tax fund up slightly at \$79.6K.

Fund 25: Rebuild Alabama is at \$190.6K

Fund 30: 7 Cent gas tax fund is at \$150.6K

Fund 40: Court Bond Fund is unchanged at \$6K

Fund 41: Court balance is \$77K

Fund 60: EEB Restoration has a balance of \$1.67M unchanged

Fund 61: NFWF Grants balance (\$1.498M)

Fund 62: Misc. Grants balance (\$611K)

Fund 70: Corrections is \$113K

Fund 84: Defensive Driving is unchanged at \$104.2K

Note: Grant Funds with negative balances indicate funding that is due, but not yet received.

Town of Dauphin Island – Monthly Project Progress Reports

Moffatt & Nichol - June 13, 2025

210924 – EAST END BEACH & DUNE RESTORATION (NFWF GEBF#76864; NFWF NCRF #76404)

CONSTRUCTION COMPLETE –Grant management continues quarterly. Year 1 monitoring field events have been conducted and will be collated into a monitoring report. Monitoring will continue for Year 2 and Year 3 post-construction. Structural monitoring showed good project performance for sand movement and good sediment compaction. Plants are visually in good shape and will be monitored at the height of production.

The East End Beach and Dune Restoration Project has completed placing one million cubic yards of sand in the beach template and creating dune restoration features along 1.5 miles of beach. The project extends from East End Public Beach to halfway through DeSoto Landing neighborhood. 639,000 native plants were planted. There were 13 dune walkovers installed to date to limit disturbance to the new dune feature. Post-construction monitoring will continue for three years. The project is funded by the National Fish and Wildlife Foundation Gulf Environmental Benefit Fund and National Coastal Resilience Fund.

210722 - DAUPHIN ISLAND BEACH RENOURISHMENT (GOMESA)

The Town is working with their engineering team to design and permit the full restoration project for the nourishment of the west end of Dauphin Island. NFWF GEBF and GOMESA grants are funding full design and permitting. The team is evaluating phasing of the project moving forward to 60% design and 95% design in 2025, as the team pursues project construction funding. The engineering team and Town of Dauphin Island conducts regular meetings with federal and state partners to share data and update on projects activities.

EPA BARRIER ISLAND WATER QUALITY AND STORMWATER MANAGEMENT

The Town of Dauphin Island secured a grant from the EPA Community Grant Program to develop a series of engineered wetlands through land acquisition and improvements to capture and absorb water on undeveloped land. All land acquisitions will take place with willing sellers at market value. This project will help to alleviate the drainage problems that currently exist throughout the eastern portion of the Town and to improve the water quality of the surrounding critical waterways. The affected area is comprised of approximately 1.8 square miles. Currently, the drainage in this area consists mostly of driveway culverts and cross drains, connected with open ditches that are tidally influenced since the outfalls empty into small creeks or directly into the Bay. The goal of this project is to improve the overall drainage of the affected area, capture non-point pollution that affects drinking water quality, and reduce repetitive flooding that threatens critical roadways and infrastructure. The project will acquire 10-15 undeveloped wooded parcels, then engineer and construct a series of artificial wetlands in which to absorb, retain, and filter stormwater.

10751/02 – GRAVELINE BAY MARSH RESTORATION PROJECT (NFWF GEBF #73500)

CONSTRUCTION COMPLETE – THIRD YEAR OF MONITORING TO BE CONDUCTED FALL 2025.

Construction of the 60 acres of marsh restoration was completed in April 2023 and the Dauphin Island Sea Lab has conducted the first year of monitoring. The second year of monitoring was completed in September and a report was provided to NFWF GEBF. The final year of post-construction monitoring will happen in fall 2025. Over the next several years, we will see the marsh plants begin to grow and fill in these marsh mounds. We expect to see some sand movement and settlement of the placed sand material due to wind and waves.

212946 – ALOE BAY LIVING SHORELINES 1 AND 2 (GOMESA AND NFWF ECRF)

The Aloe Bay Living Shoreline is complete! Over 2000 feet of shoreline has been protected and 4 acres of habitat has been created. Funding was provided by GOMESA and NFWF ECRF. The University of South Alabama will be planting the DeSoto Avenue site, June 21 and 22, and creating a living laboratory at this site. They will also monitor the site for one year.

USACE PROGRAMMATIC BENEFICIAL USE PERMIT (GOMESA)

GOMESA funding was secured to initiate a long-term programmatic permit for the beneficial use of sediments from USACE dredging activities. This permit will ensure that the impending Memorandum of Agreement with the USACE is implementable to sustain all our investments in projects around the island. Coordination meetings with the USACE are being held every two weeks with the Beneficial Use Director and the team submitted a pre-application consultation request. Internal USACE collaboration amongst civil works and regulatory divisions are occurring to provide the Town with requirements a potential recipient of beneficial use material.

MIDDLE BEACH PARKING ACCESS IMPROVEMENTS (GOMESA)

The Town secured GOMESA funding to improve the Middle Beach parking area. Engineering and design is 60% completed. All deliverables for bidding the project will be complete in early July to commence the 3-month bidding process. Construction will then commence hopefully in October 2025. Drainage issues at the elementary school and associated new entrance for parking lot will also be addressed through this project.
